

# Channel Protection Waiver

Project Name: \_\_\_\_\_

Project Location: \_\_\_\_\_

Primary Permittee: \_\_\_\_\_

SWPPP Preparer: \_\_\_\_\_

Select one of the following, and provide supporting documentation (as necessary), to justify a Waiver:

- The site will, as designed, have post-development discharges less than 2.0 cfs for the 2- and 10-year storm events.
  
- The site discharges directly into a larger stream, river, wetland, or lake where the reduction in the smaller flows will not have an impact on streambank or channel integrity.
